

Commissary Operations

Manage institutional and centralized commissary sales and inventory, and support "earned incentive" programs.

Offender Funds Administration

Manage offender funds and automate debt collections using robust and secure financial transaction mechanisms.

Medical Services

Better leverage scarce medical personnel through online medical records, scheduling and use of process "wizards" to improve quality of care.

Case Management

Increase efficiency of corrections officers and counselors, and simultaneously equip program designers and executive management with strategic information needed to reduce recidivism, operate and fund the DOC.

Offender Management Suite

Pharmacy Administration

Assist pharmacists with dispensing prescriptions and managing pharmaceutical purchasing and inventory.

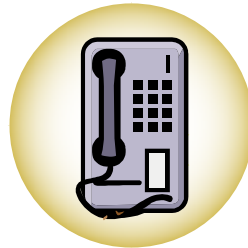

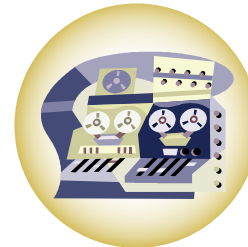

Correspondence System

Improve security while reducing the labor cost of monitoring and delivering mail.

Digital Recorder

Provide a full featured call monitoring and recording system that proactively ranks threat level of a call.

Telephone System

Provide a reliable, secure and scalable inmate phone system at a cost capable of generating revenue.
